Office Memorandum

UNITED STATES GOVERNMENT CONFIDENTIALE: 17 March 1960

TO : Director of Training EYES ONLY

FROM : Chief, School of International

Communism and the USSR

SUBJECT: Weekly Activities Report No. 11

11 - 17 March 1960

I. SIGNIFICANT ITEMS

None to report.

II. OTHER ACTIVITIES

1. As you suspected, SRS reacted with considerable interest when I called to apprise them of the request which I had received from Stevens in Department of State. I talked initially with who pointed out that SRS really knew very little about this new organisation or what it was doing, and would be most interested in having me evaluate it for SRS. Shortly thereafter called me to re-emphasize what had said, to impress upon me the potential importance of this meeting, and to ask me to use it as a means of setting up a liaison between SRS and the new State component.

It seems quite incredible to me that if they really believe this to be a matter of some importance that they would have waited for an incident such as this to do something about it. I believe the new office has existed since last spring.

with additional classified material
virtually everything which SIC now has in completed form, or merely in transcript, was put together by
for transmission to the island before he left. Actually, most of the materials from which
I am now working were originally prepared
confirms this and feels that the training base is now reasonably well supplied with Communist material. We will pass along anything new which appears to have some value for their file.

3. I have tried to contact but so far have talked only to his wife. He will call me within the next few days. Since the SIC Staff will be spread extremely thin during the next three weeks
